

TEAM BUILDING EXPERIENCE · WASHINGTON DC · MARYLAND · VIRGINIA

# Your team deserves better than another happy hour.

Not a class. Not a workshop. An engaging team building exercise that creates real energy.

Now booking for October 2026.

## WHAT IT IS

## A team building experience where everyone's involved.

The Craft Collective is a hands-on team building experience. Your team splits into Makers, who build cocktails, and Judges, who score them, with a live leaderboard tracking the standings until the final round decides the winner.

## WHY IT WORKS

### We come to you

No venue to source. No logistics to manage. The facilitator arrives with everything, glassware, spirits kit, equipment, garnish, and leaves nothing behind.

### The price you see is the price you pay

No admin fees. No mandatory gratuity. No processing surcharges. One flat rate confirmed in writing before any deposit is due.

### Engaging by design

Teams build across scored rounds. Judges rotate and score on craft, balance, and creativity. A live leaderboard keeps the energy sharp. Anyone can win going into the final round.

### Inclusive without compromise

A non-alcoholic track runs alongside the main experience. No separate queue, no awkwardness. Every person has a role from start to finish.

## HOW IT WORKS

## Two tracks. One room. Everyone involved.

A facilitator-led demo opens every event. From there, teams move through scored rounds, building and being judged against a published rubric, while a live leaderboard tracks every score in real time. The number of rounds scales with your package, and every event ends with a winner.

**Everything but the spirits:** facilitator, equipment, modifier liqueurs, fresh juices, syrups, garnishes, ice, and glassware. You provide base spirits from a curated list sent 10 days out. No alcohol is sold at any event. Add-ons available: premium garnish, custom signature cocktail, professional photography, and more.

## Your team deserves better than another happy hour.

*"The Craft Collective encourages you to collaborate with your teammates in a real, creative, and fun way."* · Russell H.
